Tokiwagi Gakuen High School

Japan

Seattle Badminton Club

As you know, the City of Sendai in Japan was damaged by a big earthquake and tsunami last month. The high school, Tokiwagi Gakuen, which I (Toru Takayanagi) and my wife taught at, was affected by this disaster. We are helping their sister school, Odyssey School in San Mateo, California to raise funds for students who lost their family members and homes.

Please check out their website at:
